

“ Our modern learning environment is a key factor in the success of our school - and of our students. We put our faith in the innovative and reliable services of upc cablecom because the availability of IT in the classroom must be guaranteed at all times. ”

Douglas O. Marston, President of the Foundation Board, Zurich International School

The Zurich International School is a day school for children aged from 2 to 18 years. With currently over 1,400 students from over 55 countries, ZIS is one of the largest international schools in Switzerland and one of only two internationally accredited schools in the Zurich area. With an internationally

designed curriculum, taught in English, the school is tailored to the needs of internationally mobile families. The ZIS curriculum is international in character, with a high learning ethos and with relevance to day-to-day life where possible. Through the school's own applications and research, the curriculum

evolves with the guidance of the teacher rather than being delivered in a head-on style. Information: www.zis.ch
upc cablecom business provides the five sites of the ZIS with optical fibre-based data and voice services.

Your ambition. Our commitment.
